

Michelle Herko  
President of San Juan Soccer/FHFC  
P.O. Box 1310  
Friday Harbor, WA 98250

March 14, 2021

We, the San Juan Soccer/FHFC, have been so grateful for the new soccer fields! Our organization supports approximately 250 soccer players and it is such a relief to get them off the old lumpy, pothole filled fields. When the players do not have to worry about the condition of the field, they can instead focus on the game. What a true pleasure it has been to be able to play and practice on the new fields. Without Island Rec and the community support for it, this would never have happened for us.

Our organization relies on the exemplary care and feeding Island Rec provides in maintenance of the fields. If Island Rec didn't insist on taking such professional care of the fields we would be right back where we started from, having inadequate, potentially unsafe fields. They provide much needed support for our high school athletics. Supporting the levy for Island Rec is a no brainer.

As a 30 year resident, and parent, of Friday Harbor, I have participated in and appreciated the many programs that Island Rec offers our community: badminton, swim classes, sailing, softball, futsal, summer soccer training, etc. **Island Rec brings recreation to people of all ages, enriching our community like nothing else.**

**Please vote yes on the levy that will keep Island Rec strong!**

Sincerely, Michelle Herko  
President of San Juan Soccer/FHFC
